Destruction of Squirrels in Dakota Protects Produce Worth Million.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 30.—More than a million dollars worth of crops were saved from ground squirrels in North Dakota this year as a result of a campaign conducted by the Department of Agriculture, in co-operation with State authorities.

Similar work has been started in Montana, Idaho and Oregon, and interest is being developed in Nevada and California in organizing like campaigns of extermination.

SAN FRANCISCO BUREAU OF THE TIMES, Aug. 30.—Orders have been issued by the police department, believed to be acting under direct instructions from Mayor

Joseph, that no policemen shall ride on the cars of the United Railroads while the present strike is in progress.

In addition to refusing a request from President Lathrop of the United Railroads to place uniformed policemen on cars running through the danger zone, as the south-of-Market-street section is called, the patrolmen have been warned not to ride on the company's cars even when going to or returning from work.

THREAT OF WORLD BAN IN PRESIDENT'S NOTE.

Isolation of Central Powers to Continue After War Unless People Listen to Reason.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, Aug. 30.—In the President's answer to the Pope occurred this phrase: "XXX—Peace should rest upon the rights of peoples, not the rights of governments—the rights of peoples, great and small, weak or powerful—their equal right to freedom and security and self-government and to a participation upon fair terms in the economic opportunities of the world."

A number of the expert diagnosticians, who diagnose in hotel lobbies, read into or extracted from the last two or three lines quoted a declaration that the United States would have nothing to do with a trade war on Germany after the present

conference ends. That construction also was placed on the language by a London newspaper, which declared it to be a slap at the Paris meeting of the Allies. At that meeting of the Allies a trade war was erected against the Central Powers and plans were outlined to

the business blacklist when the normal business of the world is resumed. From an authoritative source it can be said that those who read that sentence by itself got an absolutely wrong impression of the President's point of view. It must be read in connection with the entire message. If the German people are satisfied to be good neighbors they will be treated as such.

IF PRUSSIAN RULE. If, however, their Prussian rulers remain on top, Germany must face the combination of a league of nations which will continue the outlaw nation until its people realize that they will no longer defy civilization. The isolation of the Central Powers would destroy them in the end, even if military operations ceased. No man can endure such an interdiction indefinitely. Germany must keep on the offense or starve and perish beneath the non-intercourse policy of the rest of the world, and the prospect for attack is steadily declining.

The reception of the President's answer to the Pope's proposals abroad indicated that the nations will accept it as an announcement of their united purpose to continue the blockade of Germany. No word that the replies of England, France and Italy are ready to be transmitted to Rome. It is assumed that these countries waited

PERSONA NON GRATA. The failure of the German submarine campaign—the last segment of their war effort—has been brought about by no tremendously new discovery, but rather by the development of the obvious methods of attacking the under-water boats and protecting the merchantmen, though there are some things that we cannot permit to write about that assist in the satisfaction the navy feels over the situation.

PEACE COUNCIL KICKED OUT OF THREE STATES.

(BY A. P. NIGHT WIRE.)

HUDSON (W.Va.) Aug. 30.—Secretary Lochner of the People's Peace Council, Publicity Agent Williams, Charles Kruse, president of the New York Brotherhood Welfare Association; Miss Florence Marzette of New York; president of the Workers' Council; her woman secretary and a woman stenographer from the headquarters of the National People's Council, were run out of Hudson tonight by a mob estimated to number 1000. They were not harmed, owing to an impassioned appeal from County Attorney J. O. Varney, who urged the mob to let them go quietly and not commit violence.

The action of the crowd was preceded by a mass meeting at which resolutions were adopted protesting against the peace conference. From this meeting the mob went to the hotel where Charles Kruse, Miss Margolies and two other women were sitting in the lobby. "Get the tar and feathers!" said another. The crowd pressed forward and a half-dozen hands were laid on Kruse. County Attorney Varney

MINNEAPOLIS, Aug. 30.—Plans for holding the national peace convention of the People's Council of America at Hudson, Wis., were virtually abandoned tonight by Louis P. Lochner, executive secretary of the council, who returned here shortly before midnight from Hudson, where he was escorted to a train by citizens.

Where the meeting will be held now is problematical. Mr. Lochner said he stated that Milwaukee and Chicago were under consideration, but until he hears from members of the council now en route from New York on a special train no decision will be made. GREAT AMERICAN BLOW SCHEDULED FOR SPRING.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, Aug. 30.—Information is being disclosed in official quarters here regarding plans in the making on the greatest scale yet attempted during the war for an immense offensive on all fronts in Europe next spring. The hope of the Allies, year after year, has been to inflict a crushing blow upon the Central Powers in the spring, and the offensive decided upon for the present year

DRAFT RIOTERS CLASH WITH MONTREAL POLICE.

(BY A. P. NIGHT WIRE.)

MONTREAL, Aug. 30.—Four policemen were injured, one man was shot through the arm and a score or more persons cut and bruised tonight in a clash between the police and anti-conscriptionist paraders. The trouble started when police attempted to stop the parade. They charged the anti-conscriptionists, who broke and fled. Stones were thrown and several shots were fired, but the police cleared the streets.

FIX PROFITS OF MILLERS.

(BY A. P. NIGHT WIRE.)

CHICAGO, Aug. 30.—J. F. Bell, chairman of the United States Millers' Committee, today issued the regulations governing millers' profits, in accordance with an agreement made by Food Administrator Hoover by the millers' committee organized here last week.

A profit of 25 cents a barrel on flour and 50 cents a ton on feed are the profits scheduled to become effective on September 1. In purchasing wheat the millers will be permitted to buy at customary transit points governed by terms of their agreement with the food administration grain corporation.

In order to bring about a fair distribution of wheat among the various millers, the food administration will establish the normal amount of wheat ground by each mill on the basis of the three years prior to January 1, 1917.

CHARGES DEMOCRATIC TREACHERY.

(BY A. P. NIGHT WIRE.)

ROANOKE (Va.) Aug. 30.—Before the Virginia State Republican Convention here tonight, Senator Watson of Indiana made a bitter attack upon Democratic campaign methods in the last Presidential election, declaring that the war with Germany is unpopular among thousands of men and women who voted for President Wilson believing he would keep the country out of war.

The people voted for the President with the promise of the Democratic campaign, the Senator said, and within six months after the inauguration the country was plunged into war. This, he said, was "the most astounding piece of treachery that ever shook this country."

NEW YORK THUGS GROW BOLD.

(BY A. P. NIGHT WIRE.)

NEW YORK, Aug. 31.—Three highwaymen, operating in the Times Square district of Broadway, center of New York City's night life, shortly after midnight held up a number of subway laborers while crowds coming from the after-theater cafes passed within a few feet. The robbers, who obtained \$97, confronted the laborers, who had just been paid off, as they came from the tunnel where they had been working. One of the laborers, who started to resist, was felled with a blow from the revolver of one of the highwaymen. The hold-up men escaped.

FRENCH COMMISSION COMING WEST.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 30.—Four members of the French high commission to the United States will leave Washington tomorrow for San Francisco, where they will participate in the dedication of the Lafayette Room at the University of California September 6, Lafayette's birthday. Edgar de Billy, deputy high commissioner, will head the party and will be accompanied by Col. James Martin, Capt. Rouvier and Lieut. Crequy-Montfort de Courtivron, all officers of the French army who have won honors at the front.

GIRL BATTLES INTRUDER.

(30)

Ethel Robb, 16-year-old daughter of J. W. Robb of No. 14 South San Julian street, early today fought desperately for her life when she discovered a man kneeling on the floor just inside the window of her bedroom.

The man had just climbed in, and upon being discovered rushed toward the young woman's bed. "If you make a sound I'll kill you," he declared. Miss Robb grappled with the intruder and called for help. He fled when Mr. Robb rushed to his daughter's assistance, making his escape by leaping out of the window.

Detectives "Lefty" James and Howard Profit of the "Flying Squad" joined Mr. Robb and a number of the neighbors in the search of the vicinity, but the man escaped.

PRICE OF WHEAT \$2.20. FIAT OF PRESIDENT.

Market to be Stabilized and Speculators Warned no Extortion will be Tolerated.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 30.—A price of \$2.20 a bushel was fixed for the 1917 crop of wheat by President Wilson tonight on the recommendation of the Wheat Price Committee headed by Dr. H. A. Garfield. The basis will be No. 1 northern spring wheat delivered at Chicago.

The committee finally agreed late this afternoon, after several days of voting. At one time today it looked as if it would be unable to come to a conclusion, but just before 6 o'clock a compromise was reached, and the last vote was unanimous.

Representatives of the producers began by voting for a price of \$2.50, and labor's representatives for \$1.94. The two extremes eventually narrowed down, until the votes were only a few cents apart, and most of today's voting showed only a slight difference. Both factions appeared uncompromising at the start.

On the basis of \$2.20 at Chicago the food administration worked out tonight differentials for the various grades and classes and for the several terminals.

EFFECT OF PRICE. The price fixed tonight is 20 cents higher than that named for the 1918 crop by Congress in the food control bill. The \$2 price set by Congress was taken into consideration by the committee in considering a fair valuation for this year's crop.

In a statement accompanying the announcement of the price, President Wilson declared it is the hope of the food administration that the price will stabilize the market and keep prices within moderate bounds for all transactions during the current year.

The price of flour and bread, too, the President declared, will be kept down.

The committee, in its report to the President, gave as its three chief considerations that entered into its deliberations the fact that the United States is at war, the need of encouraging the industry and the necessity of reducing the cost of living to the consumer. All members agreed in this. The price of flour will be reduced from 14 cents to 12 cents, and the price of bread from 10 cents to 8 cents, allowing a fair profit both to the flour manufacturer and the baker.

THE DIFFERENTIALS. The price differentials worked out by the food administrator tonight are: No. 1 hard winter wheat, \$2.20; hard winter wheat, \$2.15; soft winter wheat, \$2.10; yellow hard winter, \$2.05; winter, \$2.00; dark northern spring, \$2.05; red spring, \$2.10; hard spring, \$2.15; amber durum, \$2.20; durum hard, \$2.25; soft durum, \$2.15; soft white, \$2.10; white club, \$2.15. No. 2 of each grade is 5 cents less. No. 3 of each grade is 10 cents less.

Relative market basis: Chicago, \$2.20; St. Louis, \$2.15; Kansas City and Omaha, 5 cents less than basis; Duluth and Minneapolis, 10 cents less; St. Louis, 10 cents less; New York, 10 cents more than basis; Baltimore and Philadelphia, 5 cents more; Buffalo, 5 cents more.

ITALIANS DEAL ENEMY ANOTHER VIOLENT BLOW.

Gen. Cadorna Gives Austrians no Rest on Bainsizza Plateau.

(BY A. P. NIGHT WIRE.)

THE Associated Press reports of the war for the last twenty-four hours is as follows:

On the Italian plateau of the Austro-Italian theater Gen. Cadorna is giving the Austrians no rest, keeping up his intensive attacks along the entire front. New gains of considerable importance have been made, and at several points where the Austrians have serious hold back the Italians or temporary positions they have been repulsed. More than 500 men were taken by the Italians.

On the Alpine front at Bolzano, Italy, the Italians have taken possession of the town of Bolzano, and the Austrians have been driven out of the town. The Italians have taken possession of the town of Bolzano, and the Austrians have been driven out of the town.

PORTLAND MAY HAVE 6-CENT FARE.

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) Aug. 30.—The Portland Railway, Light and Power Company, which operates all railway cars in Portland, has petitioned the State Public Service Commission to be allowed to charge 6 cents car fare instead of 5. A hearing on the petition was tentatively set for next week. A pessimistic necessity for granting operators demands for an increase in wages is made the basis for the request for the higher fare.

STRIKE AFFECTS TEN THOUSAND.

(BY A. P. NIGHT WIRE.)

NEW YORK, Aug. 30.—Because demands for a forty-eight-hour week, 20 cent increase in wages and abolition of "cellar shops" were ignored, 1200 women members of the Paper Box Workers' Union tonight ordered a general strike in Manhattan to go into effect tomorrow morning. Officials of the union asserted that 10,000 women and 800 men drivers will be affected.

America Gradually but Surely Building up Effective System to Check the Submarine

OUR NAVAL FORCES NOW CONVOY ALLIED SHIPS.

Depth-Bombs Proving Their Worth, While United States Destroyers are Doing a Big "Bit."

WASHINGTON, Aug. 30.—American naval forces are convoying merchant craft across the Atlantic, it was disclosed officially today at the Navy Department, and examination of the records show that the loss of convoys since the beginning of the war has averaged less than one-half of 1 per cent.

Details of the convoy system are withheld. It was stated, however, that American war vessels are regularly escorting fleets of British, French, and other Allied merchantmen across the ocean, the protection being supplemented when the danger zone is reached by the destroyers and other patrol craft.

American naval officials believe that an effective system for checking the submarine menace is being built up gradually, but certainly, many devices and other methods are being put into the task. Among other things depth bombs are proving effective. Official reports indicate that American destroyers have accounted for several U-boats with these weapons. No announcement of such incidents will be made, however, unless absolute proof of the fact is available.

NO U-BOAT CAPTURED.

No U-boat has been captured by the Americans. It is the best judgment of high officials, however, that several have been sunk by Admiral Sims' destroyers and other patrol craft. The submarine menace will be substantially abated as the number of destroyers and other patrol craft available for the work is increased.

Reports from London that the submarines are working far farther at sea than formerly were confirmed by the Navy Department. It may be that the submarines are being driven to the open sea by the extension of the zone of activities, but it is regarded as more probable that the increasing vigilance of the anti-submarine forces is mainly responsible.

The effect of the increasing patrol of the employment of airplanes and of the addition of new weapons has been to force the U-boats under water to a greater degree. Their activities are limited in proportion. They cannot run down a merchant ship of average speed if kept under water. They can operate only at night, and only at night can they be seen. And all the time they are under water they are consuming their batteries, decreasing their range of underwater action and compelling them to surface at night to recharge their batteries.

DESTROYER PROGRAMME.

The decision of the Navy Department to spend \$150,000,000 on new destroyers is being made.

They're even hard to photograph. French anti-aircraft artillery and its crew painted and muffled up to make them indistinct to the enemy's observers, flying above. The French are masters of the camouflage. Owing to their unique make-up, it is almost impossible to photograph camouflaged fighters with the best of cameras in most favorable weather.

TO TEACH OUR TROOPS ARTS OF CAMOUFLAGE.

WASHINGTON, Aug. 30.—For the first time in the history of the United States, the army corps of engineers yesterday issued a call for enlistment of "ingenious young men who are looking for special entertainment in the way of fooling Germans."

It is planned to organize a company of camouflagers largely from the ranks of the army.

SEPARATE PEACE OFFER IS TOLD OF IN BERLIN.

BERLIN, Aug. 30.—The statement that an offer of a separate peace was made to Russia recently by the German government is published in the socialist newspaper Vorwarts of Berlin. It is brought out by the assertion of Premier Kerensky of Russia in his speech at the Moscow conference that Russia "a little time ago" replied indignantly to a proposal to conclude a separate peace and that a few days ago "we witnessed another attempt, equally base, directed against our allies."

In this connection the semi-official Nord Deutsche Allgemeine Zeitung is again detected by the fact that it is an attempt to throw dust in the eyes of the world and the German public by generally denouncing the Russian revolution and its allies, which is characterized as an attempt to deceive the world.

SPIRIT OF CONFIDENCE IS FELT IN RUSSIA.

MOSCOW, Aug. 30.—A spirit of confidence in the ultimate benefit to accrue from the national conference held here is expressed by representatives of the various groups which participated. Their hopes are based on no definite policies enunciated or measures adopted, but upon the spirit of consultation observed among the factions and a clearer understanding growing out of the discussion of the governmental problems.

Prof. Paul Milukoff, spokesman of the Constitutional Democrats, expressed skepticism of the permanent benefit to be derived, saying: "The routes of the several groups seem to have approached one another, but I am afraid this is only temporary. A certain unity seems possible. The declarations of the Socialists, as well as the non-Socialists, promise some concessions. M. Terestoff (former Minister of the Interior), expressed a desire to follow a course leading to union and collaboration. How far this desire will be shown in facts can be learned only in the future."

M. Terestoff, who is a prominent member of the Council of Deputies, said: "There is a bridge between the

WILSON FIXES PRICE OF PRINT PAPER.

WASHINGTON, Aug. 30.—In an order which newspaper publishers declare will serve as an important precedent, President Wilson fixed a price of 2 1/2 cents on news print paper for publishing the government Daily Official Bulletin.

The order fixing the price was issued by Secretary Baker, at the President's direction, under the National Defense Act, which empowers the government to commandeer supplies needed for war purposes. It was directed to the International Paper Company, which had declined to furnish news print for the Bulletin at less than 3 cents a pound.

JAPAN IN WAR TO STAY, ASSERTS VISCONTE.

Occident and Orient to March Shoulder to Shoulder Against Crime of "Thick-witted Supermen."

(BY A. P. NIGHT WIRE.) WASHINGTON, Aug. 30.—A message of fellowship and good will from Japan was delivered to the Senate today by Viscount Ishii, Ambassador on special mission with an assurance that Japan is in the war to stay and to fight shoulder to shoulder with America to a certain victory.

In a tribute to Thomas Jefferson and the American ideal of life, Viscount Ishii told the Senators that the Japanese ideal of national life in its final analysis, was not so very far removed from theirs. "We conceive of our nation as a vast family," he said, "held together, not by the artificial force of armed men, but by the force of a natural development."

The Ambassador and other members of the mission were received on the floor of the Senate with courtesy by Senator Wheeler.

"I greet this occasion to say to you that the whole people of Japan heartily welcome and profoundly appreciate the entrance of this mighty nation of yours into the struggle against the common despoiler of our civilization. We all know that you did not undertake this solemn task on the impulse of the moment, but that you threw your mighty weight into the struggle only after deliberating a most admirable patience with a firm determination that this world shall be made free from the threat of aggression from that black shadow of a military domination which is a stain on the face of human progress."

"We of Japan believe we understand something of the American ideal of life, and we see our most profound respects to it. Jefferson, your great democratic President, was a native-born American, and we believe that he would have been as proud as we are of the individual sentiments of that people. Jefferson was an American not as a name, but as a man, and he saw that the cause of liberty and of the rights of man was a cause of the world, and he saw that the cause of the world was a cause of the world."

Silver Bullets
 In England before the war 900 of every 1000 rounds were silver. Now only 100 are silver. The rest are lead. The difference is 800 rounds. To the first great Victory Loan of \$2,000,000,000 there were 8,000,000 silver bullets.

EVERY dollar you deposit in this strong bank is a silver bullet, doing its part to strengthen your nation's wealth—helping to win your war. Begin today to save.

LEMON JUICE A BEAUTIFIER.
 How to prepare a beauty cream at little cost. Says lemon juice alone is too highly acid. Try this on face, neck, arms and hands!

Many women use just the juice of lemons to bleach or whiten the skin and to bring out the hidden beauty and the youth. But pure lemon juice is acid, therefore irritating, and should be mixed with Orchard White.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier by spraying the juice of two fresh lemons into a bottle containing three ounces of Orchard White. One should be taken to strain the juice through a fine cloth as no lemon pulp gets in, then this juice will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of Orchard White at any pharmacy or toilet counter and two lemons from the grocer and make up a quart of this fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to bring back to any skin the whiteness, the smoothness and suppleness of which it has been robbed by overexposure or trying strenuous cosmetic conditions. Use this lotion on rough, red hands.

HUNTERS DUE FOR EASY TIME.

Local Opening will be One of Few Regrets.

At Least, Such is the Gist of Outside Reports.

All Accounts are Radiant with Optimism.

It is going to make very little difference where the dove hunter goes tomorrow; his "limit" of the great feathered sky-rockets will depend upon his ability to hit 'em.

Such is the gist of the haul in the Fish and Game Commission's dragnet thrown out for information to guide the hunting licensees to good sport.

Doves appear to be more than usually plentiful. Some of the State's enforcement experts lay it to wise laws well enforced, and others think the early opening of the season up San Joaquin way, has driven down birds that usually do not come south until after most of the hunters have forgotten doves for quail.

A combination of late seasons and low limits with a succession of favorable breeding years is probably the correct explanation.

MARY BROWNE TRIMS MOLLA BJURSTEDT IN CLEVELAND.

[BY A. P. NIGHT WIRE.]

CLEVELAND, Aug. 30.—Bright sunshine, the first in over a week for the national patriotic tennis invaders, resulted in the fastest net play ever contested here and also for further match advantages for Mary K. Browne of Los Angeles and her State mate, John Strickland of San Francisco.

Mrs. Browne defeated the Norwegian star, Miss Molla Bjurstedt, United States national champion, in straight sets of the feature match, 6-3, 6-2. Strickland defeated the Elizabeth (N. J.) youngster, Harold Throckmorton, in a smashing game, 6-2, 6-1. A match in men's doubles developed a deuced set which thrilled the gallery in its volleying. Throckmorton, paired with Fred B. Alexander of New York, defeated Strickland with Charles Garland, national junior champion of Pittsburgh, as partner, 6-3, 10-4.

In all divisions. The women's singles match and Mrs. Browne's victory, earned through well-played, back-court placements, was very popular with the gallery.

On Friday and the day after tomorrow the tennis match will be the feature of the day.

JACK QUINN IS BAD LUCK GUY.

Errors Cost Him Eighteen-inning Game.

Lynn Brenton is Winner of Red-hot Battle.

Snodgrass and Rogers Hurt in Collision.

BY HARRY A. WILKINS.

Billed to play a double-header, the gay and festive athletes sprung something new in August styles and played eighteen innings without stopping for gasoline or a change of tires.

The game which started with such bright prospects and much sunlight at 1:30 wound up in gloom and gloaming. In the eighteenth inning, Jack Quinn's support collapsed, and Portland, grabbing off the run necessary to dislodge a tie which had prevailed since the ninth, marched away to supper in triumph on the long end of a 3 to 2 score.

An eighteen-inning game is the equivalent of a double-header, and the fans had been given full value for money received. The second game was laid over until today when an effort will be made to work it off the map in the shape of another double-header. Anyway, the exhausted condition of the players would not have permitted them to continue. Not only is this one of the greatest double-header seasons ever experienced in these parts, but the athletes who always strive to please, are throwing in a lot of extra innings for good measure. The grand old game is not dead by a whole lot, but some of the bugs may be before the end of the series.

The vitality of some of them was at a very low ebb last night, and there are eight more games to go. These days there are many missing husbands and fathers in the community, but they will return home Monday night. The breadwinners of these anguished families are not lost, strayed or stolen. They are simply camping at the ball park so as not to miss anything. They are determined to hold down the front line seats at all costs. Loved ones remaining at home desiring to do something for their strayed ones, them comfort kits containing chewing tobacco, sandwiches, a change of socks and other little delicacies which will be appreciated by men under fire.

A WARM DUEL.

Jack Quinn and Lynn Brenton went into the field without expecting a blowout. Brenton had a shade, but many of the breaks were against him. Quinn's life from the rest, and it was these which put the great right-hander on the top.

Owing to an accident over which nobody had any control, the Tigers were forced to change their lineup. Last night's game with Bobby Snodgrass, who might have won, Bobby, although acting like a real ball player, was not in the game. He had a bad cold and was unable to play. The game was a close one, with Quinn leading in the ninth. This started the works to crumpling, and they collapsed in a hasty retreat.

PRELIMINARIES.

In the second inning, hours before the main event, the Tigers and the Athletics played a preliminary game. The Athletics won 3 to 2.

PORTLAND TIED IT IN THE FIFTH.

Portland tied it in the fifth on Sign's triple and a single by Brenton, who registered three swats. Vernon, who was in the eighth, and Portland placed a hard knot in the score in the ninth. This brought the game to the home of the plorable accident. One had been retired in the ninth when Bill Rogers, who was left arm, which he had broken, was in the game. He was hit by a pitch, and he was out. The last time he was here Bill Rogers was hit by a pitch, and he was out. The last time he was here Bill Rogers was hit by a pitch, and he was out.

CICOTTE ADVANCES CHICAGO WHILE RED SOX PLAY TIE.

[BY A. P. NIGHT WIRE.]

CHICAGO, Aug. 30.—Eddie Cicotte won his twenty-first game when Chicago defeated St. Louis, 3 to 4, and gained one-half a game on Boston, because the latter club played a tie with Philadelphia. Chicago is now leading Boston by five games. Score:

DOG FEELS MORAL LOVE. "Biddy," Bill Brady's prized mate, reported lost Tuesday, returned to her home late Wednesday night. The dog had felt the call of mother love, and had wandered to Hollywood, where one of her latest offspring resides. Although caught and chained at Hollywood, "Biddy" broke away and returned to her master's domain.

GOLINDO IS TO TAKE BRIEF REST. Mike Golindo didn't bite a steak out of Lloyd McMen's shoulder Tuesday night at Doyle's - this fact is admitted by no less an authority than Mike's own brother. Mike's relative rushed around yesterday asserting that the ex-sailor had been done wrong and that the accusation was weighing heavily upon his mind. Rather than see Mike's tender feelings ruthlessly trampled upon we make haste to spread abroad the news that Mike's brother says Mike didn't bite and that he should settle the matter. Anyhow, it was a good fight and Mike is going to beat it to the country for a rest, having fought two fights in six weeks, winning all but one of them.

TO DETENTION HOME.

[LOCAL CORRESPONDENCE.]

ONTARIO, Aug. 29.—Heated denials on the part of 15-year-old Gladys Bennett that she had stolen a silk coat from an Upland shop came to naught when the garment was produced from its hiding place under the frame of her parents at 416 East State street, when local officers went to take her into custody.

The girl confessed and she and Marie Thorpe, 15 years old, who accompanied her on the shopping

four, were both sent to the detention home in San Bernardino by Judge Crane today.

YOUNG ROBBER SOUGHT IN AZUSA.

[LOCAL CORRESPONDENCE]
AZUSA, Aug. 26.—Henry Garcia, the boy hound of Azusa, is still at large and carrying off a considerable number of chickens. The boy was arrested two weeks ago, and was in charge of the juvenile authorities, but he escaped the first of this week.
 On Wednesday morning he was discovered ransacking the home of Master Belles. When caught he was taken to the police station and escaped after a scuffle. When he was taken to the station, police were notified, and within a minutes fifty boys were scouring the orchards in which he disappeared, each after a reward of \$50.

late Wednesday night Garcia was riding a bicycle south of Azusa, Calif., when the officers were notified he had disappeared. The boy was later arrested for robbing a poolroom and stealing a motorcycle. He also wanted on a bad-check charge.

OF ANTI-WAR CRIME.

[LOCAL CORRESPONDENCE.]

ONTARIO, Aug. 28.—(Ontario police) are today investigating the demolition of the I.W.W. headquarters, supposed I.W.W. operators, who were caught in the act of protecting the water works attached to the great tank in which the oil was stored at the post-office house of the Ontario Citrus Fruit Association in East A street and demolished of the contents, which were valued at \$6000. N. H. Garrison, assistant coroner, reported the loss to the police.

In order to drain off the oil it was necessary first to remove the water, which was done by cutting a hole in the concrete. The vandals then prised open. The vandals then opened the pipes with the use
